PLANNED GIVING

Opportunities for Charitable Giving and Estate Planning in your community.

Growing for Generations

Hanover and District Hospital Foundation

The Foundation

The Hanover and District Hospital Foundation was incorporated in 1989 under the laws of the Province of Ontario, as a non-profit charitable organization whose sole purpose is to raise funds for the benefit of the Hanover and District Hospital. Because of limited government funding, it is necessary to raise funds locally to meet the health care needs of the community and area.

The Hanover and District Hospital Foundation provides an opportunity for all members of the community and others, to participate in maintaining an important and modern health care facility. This brochure outlines some of the ways an individual or family can make a unique gift as part of an estate plan which will benefit our community and your estate. As an added incentive, you may also be able to save income tax. All donations are tax deductible.

How will my Gift be Used?

You can choose to benefit any area of the hospital with your gift. For example, the money can be given to the General Fund to be allocated according to the greatest need at the time or the gift can be designated to a specific project or part of the hospital. Most commonly, planned gifts are held as a permanent Endowment Fund. The purpose of this fund is to accumulate the principal so that the interest earned is spent only for needed capital equipment, renovations and education that will assist in providing quality health care for all patients.

Planned Giving

The Hanover and District Hospital requires a strong financial foundation. We are indebted to our donors who have the foresight and vision to make a gift for a healthy future. Planned Giving is a very effective way for you to help others while providing a wise investment for your future. Your gift may one day benefit you or a loved one. Here are some of the ways you can help.

Your Will

A bequest in your will is the most common way to make a planned gift. Designating the Hanover and District Hospital Foundation as a beneficiary in your will is a direct way for you to help others in your community. Your gift may be cash, securities or other property. Such a gift is paid before property is distributed to your heirs and your estate would receive a tax receipt for the value of your bequest. Consultation with your financial advisor will assist you in making the right gift for you and your family.

In Memoriam Gifts

The Hanover and District Hospital Foundation can be designated as a recipient of memorial gifts when making funeral arrangements. Upon the death of a loved one, many families request that donations be made to the Foundation in lieu of flowers. Special memorial donation cards are available at local funeral homes. Gifts in honour of a loved one can also be made through our website.

What are the Benefits?

- As the Donor, you have the satisfaction of leaving a lasting legacy for your community
- As the Donor, you may also benefit tangibly through tax benefits
- Your Community benefits through top level health care facilities and personnel

For More Information...

If you would like to discuss your interest in Planned Giving without feeling under any obligation to commit to anything, please fill out the information sheet on the back or give the Foundation office a call. The ***Hanover and District Hospital Foundation*** encourages you to begin by seeking professional advice from your legal or financial consultant.

A Gift of Marketable Securities

When you make a gift of stocks, bonds or mutual funds, your capital gain is not taxed. Yet your charitable tax receipt is for the full value of the shares on the day they are received by the Foundation.

Trusts

You can invest money or property in a trust and receive income from it for life. The Foundation receives what remains in the trust after you have passed on. You will receive an immediate donation receipt for the value of the future remaining capital.

A Gift of Life Insurance

Another way of making a significant gift to the Hanover and District Hospital Foundation is through a life insurance policy. The simplest method is to donate a paid up policy which you already own. Alternatively, you can purchase a new policy with the Foundation as the owner and beneficiary. All premiums paid by you on the policy are eligible for a tax credit.

Donor Recognition

With your permission, the Hanover and District Hospital Foundation will honour your planned gift permanently on our Endowment Wall. The Foundation will also respect a donor's wish for anonymity. Planned gifts are held as a permanent Endowment Fund.
